

Have you or a loved one experienced a stroke?

Access to a variety of stroke resources is right at your fingertips!

If you or a loved one has had a stroke, the South East Healthline provides a variety of stroke resources to help people who have survived a stroke, as well as their families and caregivers.

This valuable information will also help connect you to community resources aimed at supporting recovery.

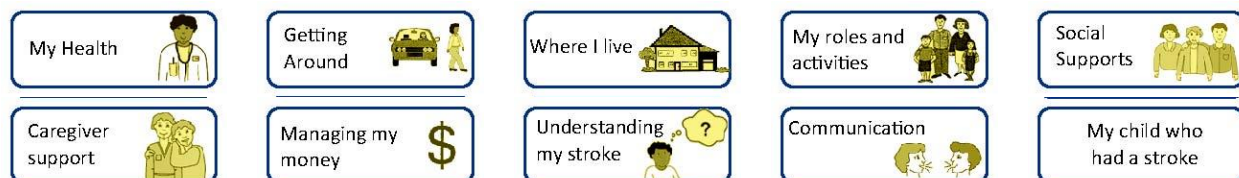

Visit www.SouthEastHealthline.ca and look for the icon located at the bottom of each landing page:

A yellow arrow pointing to the right with the text "STROKE RESOURCES" in blue capital letters inside it.

You can also access stroke resources on the right-hand side of the main website landing page by clicking on 'Resources by Topic' icon:

A blue rectangular box containing the text "RESOURCES BY TOPIC" in white and blue, next to a blue gear icon with circuit lines.

This will bring you to a page that lists the following topics related to stroke. Select a topic by clicking on any of the pictures to learn more:

Need more info? Call 310-2222 (no area code required) to speak to a Home and Community Care team member who can also help you to access supports and services.
