Assessment for Living with Aphasia (ALA)

A comprehensive assessment package that provides tools to better assess the impact of aphasia and identify the factors that affect the quality of life and exacerbate or reduce disability.

Professional Training Opportunities

www.aphasia.ca/health-care-professionals/ai-training

On-line Training

The Aphasia Institute offers training sessions for health care professionals on how to work with clients with aphasia and to help them overcome communication barriers. Health care professionals will be shown how to apply training techniques to clinical situations.

Aphasia Institute Knowledge Exchange Speaker Series

This online series is distinguished by its focus on aphasia and real life participation; and the opportunity for practicing clinicians to hear from a prestigious group of international aphasia researchers.
