

STROKE NETWORK of Southeastern Ontario

www.strokenetworkseo.ca

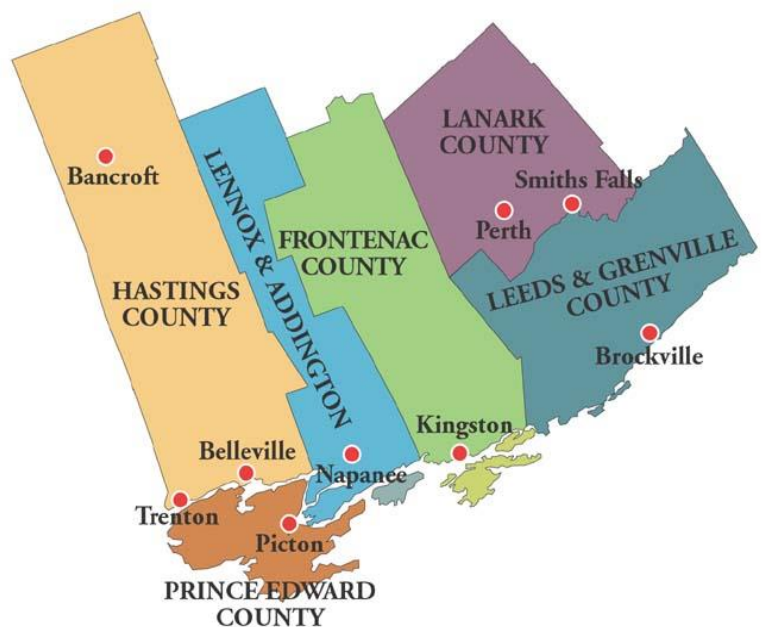

Vision:

Fewer strokes. Better outcomes.

Mission:

To continuously improve stroke prevention, care, recovery and reintegration.

The mandate of the Stroke Network of SEO is to work with all health care providers across the region to improve access to best practice stroke care across the continuum from prevention through acute care to recovery and community reintegration. This requires a collaborative approach to performance measurement, knowledge translation, and system change. Southeastern Ontario covers a large geographic area of 20,000 km² with a population of 500,000 and corresponds with the LHIN 10 boundaries. The Regional Stroke Centre is Kingston Health Sciences Centre, Kingston General Hospital site. The District Stroke Centre is Quinte Health Care, Belleville General. Four prevention clinics are located as noted on reverse side.
