The Youth Substance Use Support and Treatment Service

Engages. Supports. Empowers.

Our Youth Substance Use Team consists of:

- An Addictions Counsellor from Addictions and Mental Health Services Hastings Prince Edward (AMHS-HPE)
 - A Mental Health Addictions (MHA) Therapist from Youthab
- Together, the Addictions Counsellor and MHA Therapist collaborate to address each client's needs, and provide supportive services for youth and young adults experiencing substance use issues.

Youth Substance Use Support and Treatment Service includes:

- A youth-centred approach that is responsive to clinical needs
- Ongoing screening and assessment to ensure appropriate interventions and/or therapeutic treatments
- Supportive addictions counselling & therapy
- Individualized treatment planning that matches the youth's level of need and ability to develop skills for independence
- Options to manage substance use, including harm reduction skills and strategies
- Linkages to information, support and treatment to manage use or to withdraw safely
- Connection to other community services
 - Coordinating with the HPE TAY Connector or AMHS-HPE case management services for assistance with housing, health care, employment, education, financial support, government ID, etc.
- After care planning to support recovery
